L. R. File No. 80 of ~~190~~ 1891-92

Serial No. 4

From the Chief Engineer of Mysore. Letter No. 3210 dated the 5th May 1905

States that no steps have been taken in the matter as the necessary orders of Govt were not communicated by the Deputy Comm^r, that the orders issued on G.O. No. 7605-6/120 R 15.12.04 are not definite on the point, that the amount recoverable from the mutt amounts to nearly Rs 2,730 that this amount has been charged off to Provincial Funds.

With reference to the cost of putting up iron pipe sluices, it will be observed from the mutt Agents report No 135 R 26.11.1888, (Para 3) that the mutt Guru has undertaken to meet the cost thereof within the sharam limits, and the Deputy Comm^r. of the Mysore District in his No 857 R 10.1.05 has drawn attention to this, and observes that it is but just and proper that the Sharadar should bear the cost of the construction of the iron pipe sluices within his limits. ~~In the light of his remarks~~ The orders based on his report of Govt (Para 3) appear to be clear enough & the mutt is liable to pay

of the Mint has accepted to pay the charges of the drain-pipe scheme. The drain pipes do not seem to have been a part of the arrangement and consequently they cannot be made liable to pay the charges. The Secretary regrets to see the words clause (c) of Sec 3 of the Land Rev. Code, which gives him the power of assessing the rent payable by a Madam tenant to the extent of the additional value imparted to the holding by any work of irrigation or other improvement executed at the expense of the superior holder. The Collector cannot therefore claim the assistance of Govt in recovering the amount as it has promised to pay. It can only be by means of summary process under the provisions of the Land Rev. Code. Even in the case of contribution pay nile by Govt might, such a claim is enforceable only when it is evidenced by a distinct agreement such as a mushalika and as there is no mushalika in the present case, even if the pipes were Govt property, it is doubtful whether Govt could recover contribution summarily.

final orders of Government in supersession of all previous correspondence and stipulations offered by the Parakalaswami Mutt. Para 3 of the Government Proceedings in question does not refer to the Mutt and professes to deal with the occupants of Mutt lands and provides that the latter shall enjoy all the benefits which are enjoyed by occupants of Govt. land and that in regard to iron pipe sluices, " the charges shall be assessed to Inam and Government raiyats under the ~~Sale~~ same Rules." It is not clear what rules are intended. But there can be no doubt in the fact that as regards the cost of iron pipe sluices, the Inam ryots should be liable to the same extent as Government ryots. There is nothing to show that this order was in any way modified subsequently. The Parakalaswami Mutt would not under these circumstances be liable to pay for the sluices or to collect the same from the Inam Ryots on behalf of Government (See my letter dated 2-3-1892 to Government, as Mysore Deputy Commissioner, marked 29 in the file). This duty of collection will vest in Government by reason of the Channel Conservancy having been taken over by Government, the Mutt being liable only to a fixed contribution. Thus in every way there is apparently no reason for making a demand on the Parakalaswami Mutt. Whether the cost can be now levied from the Inam or Government ryots does not arise in the present file and must depend on the existing Rules on the Subject and other considerations.

from the left bank of the Hemavathi River extends to the length of 16 miles, of which the first 7½ miles are situated within the limits of the Sham of Kalhalli; endowed to the Sri Parakal Swamy Mutt. When the question of the extension of this Channel to its present length was taken ~~on hand~~ under its consideration in the year 1888, the Mutt through its agent agreed among other things to bear its proportionate share of the cost of putting up iron pipe sluices for distributing the water from the Channel. ~~Under~~ thereby by levying the amount and recover the same from the Sham Ryots. This fact was recorded in G. O. No. 7451-4/120 dt 16-12-1885 (~~Vide para 3.~~).

To,

K. S. Chandrasekara Iyer Esqr
B. A. B. L.

Secretary to the Govt. of Mysore
Land Revn. Department.

Sir

With reference to your order No: R 514-5 / Revis 60-91-6 of 12th July 1906 calling for report in re the contributions payable by the Parakalaswami mutt towards the construction of iron sluices to the Kallahalli channel, I have the honor to state that the Krishnarajapet Divisional Assistant Commissioner reports in his memo No: 105 / 3270 of 7-2-07 that no steps has yet been taken in the Taluq for the recovery of the amount, as orders issued from this office on the subject had been bundled up with other papers by the Head Gumasta who came to be aware of it only when

stringent

Stringent reminders were issued to the 2 alleys, and that he has since issued stringent orders to the builder to collect the amount and submit a report within 15 days.

On receipt of detailed information from the Assistant Commissioner the report called for will be submitted.

I have the honor to be,
Sir,
Your most obedient Servant,

General & Revenue Department.

Sir,

In continuation of this office letter No 569 of 18th February 1907 regarding the recovery of the contribution payable by the Parakala Swami mutt towards the construction of iron sluices to the Kalhalli channel in the Krishnaraja pet Taluk, I have the honor to forward herewith the marginally noted files received from the Krishnaraja pet Divisional Assistant —

Commissioner.

1 Records relating with Krishnarajpet Divisional Officer's Memo No 114/3413 of 21-2-07 (6 papers)
2 Do — Do — Do — 111/3478 of 19-2-07) (5 papers.

Commissioner; and to state that the Amildar of Krishnarajapet Taluk reports that on a reference having been made to the Mutt for the payment of the amount, the Agent has written to say that the amount may kindly be recovered in two instalments in two years ~~time~~ as the same has in the first instance to be collected from the ryots, who find it hard to pay owing to failure of crops, that help may be given to the Mutt for the recovery of the amount in question from the ryots and lastly that the Mutt may be furnished with certain details such as the No of pipe sluices put up, the extent of land irrigated by each pipe sluice &c. &c.

I have the honor to be
Sir
Your most obedient Servant
